Key Takeaways

Dominic stainless steel cable tray prices vary depending on size, grade, and type, typically ranging from $50 to $500 per meter for standard industrial trays.

Factors Affecting Price

Material Grade: Stainless steel trays are commonly available in 304 and 316 grades. 316 stainless steel is more corrosion-resistant and suitable for marine or chemical environments, making it more expensive than 304. Tray Type: Ladder, wire mesh, basket, and slotted trays differ in design and manufacturing complexity.

Ladder trays with heavy-duty rungs or reinforced slotted trays for dense cable loads are generally higher priced. Width and Load Capacity: Standard widths range from 50mm to 900mm, with wider trays or heavy-duty return flange designs costing more. Load-bearing requirements also influence pricing.

Accessories and Configuration: Couplers, bends, tees, and risers needed for installation add to the total cost. Custom configurations or pre-fabricated assemblies may increase price. Supplier and Location: Prices vary by supplier and region.
