Jamaican Trough-Type Cable Tray Manufacturing

Overview

Thanks to innovation and improved technology, we have evolved into a one-stop shop for Cable Tray manufacturers.

Key Takeaways

Trough-type cable trays in Jamaica are available from manufacturers like Jeetmull Jaichandlall and Brilltech Engineers, offering durable, customizable trays in galvanized steel, stainless steel, and fiberglass.

Specifications of Trough-

Type Cable TraysTrough-type cable trays are designed to support and protect electrical cables while allowing ventilation and easy maintenance. Key specifications include: Material Options: Galvanized steel, stainless steel, aluminum, and fiberglass for corrosion resistance and durability. Design: Solid-bottom or ventilated troughs to allow airflow and prevent overheating of cables.

Load Capacity: Varies by material and size; typically engineered to handle heavy industrial and commercial cable loads. Dimensions: Available in multiple widths, depths, and lengths; customizable to project requirements. Finish: Hot-dip galvanized or powder-coated finishes for enhanced corrosion protection, especially in humid or coastal environments.

Compliance: Adheres to international standards for electrical safety and structural integrity.
