24-core ODF fiber optic splicing

Overview

24 cores ODF ATT-ODF-24 provides efficient cable connections between outside plant cables and equipment inside the buildings and communications facilities. They can manage both bundle type and ribbon. More Capacity and Versatility: This product offers a high capacity of 12/24 cores for one unit, making it suitable for various fiber optic applications. It also supports a wide range of networks, including wireless LAN, Bluetooth, wired LAN, and more, ensuring seamless connectivity User-Friendly.
