American Aluminum Cable Management System Manufacturer

Overview

Cable Management Systems | Jonathan Engineered SolutionsJonathan Engineered Solutions offers an endless variety of solutions to better organize your leads.

Key Takeaways

Leading U. S. manufacturers of aluminum cable management systems include MonoSystems, MP Husky, Selco Manufacturing, Modular Container Systems, and Snake Tray. Key Manufacturers and OfferingsMonoSystems (Niedax MonoSystems) MonoSystems offers a wide range of aluminum ladder trays, wire mesh basket trays, trough trays, surface raceways, power poles, and J-hooks.

They provide custom solutions, pre-wired configurations, and even custom colors, allowing direct purchase from the manufacturer for industrial, commercial, and data center applications.

M

P Husky Founded in 1955, MP Husky designs and manufactures UL, CSA, and NEMA-certified cable tray systems, wire mesh/basket trays, and cable bus power distribution systems. They are recognized for high-quality, cost-effective, and innovative solutions suitable for industrial, commercial, and nuclear applications. Selco Manufacturing Corp.

Selco specializes in custom aluminum cable trays, fiberglass reinforced plastic (FRP), galvanized, and stainless steel trays. They provide engineering and design services and serve construction, utility, electrical, and marine industries. All products are made in the USA.

Modular Container Systems, Inc. This company manufactures aluminum wire trays and other metal trays with precise tolerances. They offer cutting, bending, stamping, welding, and finishing services, including galvanizing, powder coating, and painting, suitable for industrial and electrical applications.

Snake Tray Snake Tray has been producing cable trays and power distribution solutions since 1996. Their aluminum cable management systems are designed for data centers, solar installations, and transit projects. They emphasize cost-effective, environmentally friendly solutions with nationwide availability and 24-hour technical support.

Considerations for Selection

Certifications: Look for UL, CSA, and NEMA compliance for safety and quality assurance. Customization: Many manufacturers offer custom lengths, colors, pre-wired options, and specialized fittings. Applications: Aluminum trays are ideal for lightweight, corrosion-resistant installations in commercial, industrial, and data center environments.

Support: Companies like MonoSystems and Snake Tray provide technical support and design assistance to optimize installation efficiency. These manufacturers represent some of the most reliable U. S.-based sources for aluminum cable management systems, offering a combination of standard and custom solutions for diverse industrial and commercial needs.
