Armenian dustproof and explosion-proof distribution box manufacturer

Overview

Design, manufacturing, and customization of plastic boxes and enclosures for electronic devices, offering tailored solutions for sectors such as medicine, IoT, Industry 4.0, and automation, with...

Key Takeaways

Armenia hosts multiple suppliers and manufacturers of dustproof and explosion-proof distribution boxes, offering ATEX, IECEx, and UKEX certified solutions for hazardous industrial environments.

Key Manufacturers and Suppliers

Warom Technology – Offers explosion-proof illumination distribution boxes designed for industrial lighting, hazardous electrical systems, and defense applications. Their enclosures combine flameproof (Ex d) and increased safety (Ex e) chambers, feature anti-static coatings, anti-loosening fasteners, and color-coded operating panels for safe and efficient operation.

MAM E

X – Specializes in explosion-proof control panels and junction boxes suitable for environments with flammable gases, dust, or combustible particles. Their products use cast aluminum alloy shells, surface spraying, and provide high impact resistance, suitable for Zones 0, 1, and 2, and IIA, IIB, IIC explosive gas atmospheres.

BARTE

C – Offers a wide range of explosion-proof and substance-resistant components, including Ex d, Ex e, Ex i, and Ex p enclosures. They provide modular, customer-specific solutions for low- and medium-voltage power distribution, motor control, and signaling devices, with design life up to 30 years and global certifications.

SA POWERNET E

X Splitter Box – A modular, stackable, and highly adaptable distribution box with waterproof and dustproof design (IP65/IP66).

Certified for ATE

X, IECEx, and UKEX, it is suitable for Zones 1, 2 (gas) and Zones 21, 22 (dust), ideal for oil & gas, petrochemical, and aviation industries.

Features to Consider

Certifications: ATEX, IECEx, UKEX for compliance in hazardous zones. Ingress Protection: IP65/IP66 for dustproof and waterproof performance. Material and Build: Cast aluminum or robust metal alloys with anti-static and anti-loosening features.

Modularity: Stackable and configurable designs for flexible power distribution. Applications: Oil & gas, petrochemical, industrial automation, defense, and nuclear illumination systems. SummaryArmenia's market for dustproof and explosion-proof distribution boxes includes manufacturers capable of providing customized, certified, and durable solutions for hazardous environments.

Companies like Warom Technology, MAM EX, BARTEC, and suppliers of SA POWERNET EX Splitter Boxes offer products that meet international safety standards, ensuring reliable operation in explosive or dust-laden industrial settings.
