Australian Cable Tray Production Line

Overview

Our advanced cable tray production line is engineered to provide automated forming, punching, and cutting processes for various types of cable trays, including perforated, ladder, and solid-bottom trays. Vic Cable Tray Solutions specializes in cable management installation, providing comprehensive estimating services that ensure accurate and timely quotes for projects. With high precision, fast production speed, and stable performance, it helps manufacturers. We design and produce complete cable tray production lines, to produce cable trays. The line starts directly from the coil material and the end product is ready to use. Apexio Industrial specialise in Hazardous Area Electrical and Instrumentation Equipment Sales, Engineering Services, Design, Fabrication, Calibration, Hire and Installation Services.
