# Austrian High Polymer Corrosion-Resistant Cable Trays

## Overview

FCT FRP Cable Trays are made of corrosion resistant fibre reinforced plastic. The design delivers weight reductions while maintaining strength and maximising loading capability. 4 Million in 2025 and is projected to grow from USD 751. 4% during the forecast period (2025–2034). This growth is being driven. Ferrotech's FRP Cable Tray Systems offer a robust and versatile solution for managing cables in harsh environments prone to corrosion. Manufactured from premium fire-retardant resins and reinforced with fiberglass for added strength, these trays provide exceptional durability and safety for your. We offer a range of FRP or GRP Cable Management Systems including trays, ground ducts, ladders, accessories, supports, fittings, and fixings.

## Article Content

Top 10 Companies in the Fiberglass-reinforced Cable Tray Industry

1. ALOIS COMPOSITES Headquarters: Austria Key Offering: Ventilated, ladder, and channel-type FRP cable trays ALOIS COMPOSITES stands out as a premier European producer of

FRP Cable Trays grating Supplier in Australia

Manufactured from premium fire-retardant resins and reinforced with fiberglass for added strength, these trays provide exceptional durability and safety for your critical electrical infrastructure.

CABLE MANAGEMENT SYSTEMS

FRP Cable Management Systems have a large cable capacity and are suited to harsh environments where there may be high temperatures or extreme weather

FRP Cable Tray | Cable Tray Support

The support strength of our FRP cable trays is equal to or even higher than that of metal cable trays, while retaining the non-conductive, non-magnetic and corrosion-resistant properties of FRP, which

FTE cable tray system

The material is lightweight and does not rust. The design delivers HSE improvements when lifting and fitting tray and support equipment. The cable

FCT FRP Composite Cable Tray System

FCT FRP Cable Trays are made of corrosion resistant fibre reinforced plastic. The design delivers weight reductions while maintaining strength and maximising loading capability. The Cable Trays are

Safe & Strong Composite Cable Trays

Lightweight, corrosion-free trays for secure cable management in industrial settings.

Cable Trays | PohlCon – Partner from start to future.

They are available in perforated (RG) or non-perforated (R) versions, in heavy-duty versions (RS/RGS), for use under sprinkler systems (RGL) or as installation cable trays (RI/RIS).

FRP Cable Tray for Corrosive & Harsh Environments

Discover FRP cable trays for durable, corrosion-resistant, and safe cable management in demanding industrial environments.

High-Quality Cable Trays | Efficient Cable Management

Our cable trays provide a durable and versatile solution for supporting and routing electrical cables across commercial, industrial, and infrastructure projects. Designed for strength and flexibility, they

GFRP Cable Trays: Strong & Durable Solution for

Superior Durability and Longevity As previously mentioned, GFRP cable trays are lightweight and are very strong. Couple this with their high

CABLE TRAYS

*© 2026 BAGYOU FIBRE NETWORKS - All rights reserved*

The HS (High Resistance) alloys used in ZnAl (Zinc Aluminum), ZnMg (Zinc Magnesium) or ZnNi (Zinc Nickel) cable trays have an excellent resistance to corrosion, especially in salt spray tests, and in

Corrosion-Resistant Cable Trays Guide

While corrosion-resistant trays may have higher upfront costs, their durability reduces maintenance and replacement expenses over time. For instance, galvanized steel trays can last

FRP Cable Trays for Extreme Conditions

Anti corrosion High tensile strength Highly durable Light weight Fire resistant Easy to install Non conductive Lower shock risks Non magnetic High performance in extreme weather Suitable for

Anti-corrosive Cable Trays Selection: A Comprehensive

Learn how to choose the best anti-corrosive cable trays for your electrical system. Discover the ideal materials for mild, moderate, and severe

GFRP CABLE TRAYS

GFRP cable trays are engineered to provide a durable and reliable solution for supporting and organizing cables in industrial and commercial settings. Constructed from high-quality glass fiber

Composite Cable Trays for Corrosive & Industrial Environment

Learn how composite cable trays reduce corrosion, improve safety, and lower lifecycle costs in demanding industrial environments.

GRP Cable Tray & Cable Ladders | EAE Electric

GRP Cable Ladder and GRP Cable Tray, particularly suitable for interior and exterior areas where resistance to corrosion is a requirement. GRP Cable Trays
