Austrian Polymer Cable Tray Manufacturer

Overview

We manufacture polymer products using state-of-the-art technologies and are among the leading companies in the industry. Our products are created using the rotational sintering process for series...

Key Takeaways

Austria has several reputable manufacturers and suppliers of polymer and fiberglass cable trays, including Brilltech Engineers and Jeetmull Jaichandlall, offering high-quality, durable solutions for cable management.

Key Manufacturers and Suppliers

Brilltech Engineers Pvt. Ltd. is a prominent supplier in Austria, providing cable trays made from premium materials such as fiberglass, galvanized steel, and stainless steel. Their trays are designed for durability, enhanced airflow, and protection against environmental hazards.

They offer perforated and solid-bottom trays suitable for various industrial and commercial applications, along with installation support and system design assistance. Jeetmull Jaichandlall (P) Ltd. is another trusted manufacturer in Austria, specializing in high-quality cable trays with versatile sizes, shapes, and colors. They focus on robust construction, impact resistance, and compliance with industry standards.

Their on-site manufacturing facilities use advanced technology to ensure consistent quality, making them a reliable choice for both local and international projects.

LAPP AUSTRIA Gmb

H, based in Linz, Austria, is also active in the cable infrastructure sector, offering polymer-based cable management solutions and related products.

Product Features

Materials: Fiberglass, PVC, and other polymer composites for corrosion resistance and electrical insulation. Designs: Perforated, solid-bottom, ladder, and ventilated trays to optimize airflow and cooling. Applications: Industrial plants, commercial buildings, data centers, and outdoor installations.

Benefits: Enhanced safety, reduced hazards, easy installation, and long-term durability.

Services

Many Austrian manufacturers provide additional services such as: Product selection guidance and system design supportInstallation assistance and maintenance adviceCustom sizing and fabrication to meet project-specific requirements Choosing a manufacturer like Brilltech Engineers or Jeetmull Jaichandlall ensures access to high-quality polymer cable trays that meet stringent safety and regulatory standards while offering reliable performance in diverse environments. For sourcing, you can contact these companies directly through their websites or B2B marketplaces to request quotes and technical specifications.
