Cable puller and cable tray price

Overview

Cable guide roller provide smooth operations and prevents wire snags. Adjustable clamp designs allows for easy operations and tightness control.

Key Takeaways

Cable tray pullers typically range from $15 to $200 depending on type, material, and quantity.

Consumer-

Grade Options

For small-scale or DIY projects, Amazon offers a 2-piece cable wire threading tool (cable tray puller) made of nylon and stainless steel, suitable for light-duty applications, priced around $15–$25 per set. These are compact, easy to install, and ideal for indoor or outdoor use, including corners and bends.

Industrial and Commercial Options

For larger or heavy-duty applications, Alibaba lists cable tray pulling rollers made from steel, aluminum, or fiberglass, designed for industrial and commercial electrical systems. Prices vary widely depending on material, size, and load capacity, typically ranging from $50 to $200 or more per unit. These rollers are engineered for durability, corrosion resistance, and high tensile strength, suitable for complex cable management setups.

Online Marketplacese

Bay provides a variety of cable tray rollers with competitive pricing and fast shipping, often in the $20–$100 range depending on brand and specifications.iTOOLco also offers specialized cable tray rollers for professional use, with prices reflecting industrial-grade quality.

Factors Affecting Price

Material: Steel and aluminum are more expensive than nylon or plastic. Load Capacity: Heavy-duty rollers that support more weight cost more. Quantity: Sets of multiple rollers are generally more cost-effective per unit.

Design Features: Adjustable clamps, smooth rolling axles, and corrosion resistance can increase the price. In summary, for light-duty DIY use, expect $15–$25 per set, while industrial-grade cable tray pullers can cost $50–$200 each, depending on specifications and materials.
