Compatible 1 6TCFP2 Singapore Supplier

Overview

Explore NADDOD''s OSFP (Octal Small Form-factor Pluggable) portfolio featuring 1.6T/800G/400G transceivers and AOC/DAC cables for InfiniBand and Ethernet.

Key Takeaways

1. 6TCFP2 components can be sourced through specialized optical transceiver suppliers or global electronic distributors, with options to locate Singapore-based distributors via Octopart. Potential SuppliersNADDOD NADDOD offers a range of 1.

6T/800G InfiniBand XDR transceivers and DAC cables, including OSFP224 modules compatible with high-speed networking applications. Their portfolio includes 1. 6T 2xDR4 and 2xFR4 transceivers, as well as NVIDIA original transceivers (MMS4A00-XM, MMS4A20-XM800).

These components are tested for low BER and latency, making them suitable for data center or high-performance computing setups.

While NADDO

D is not based in Singapore, they provide international shipping, which may include Singapore. Eoptolink Eoptolink provides 1. 6T OSFP transceivers supporting CMIS 5.

0 firmware and interfaces such as DR8, DR8-2, 2VR4, and 2FR4. Their vertical integration ensures high performance and energy efficiency. Contacting Eoptolink directly can help identify authorized distributors or resellers in Singapore.

Octopart Octopart is a global electronic component search engine that aggregates distributors and manufacturers. By searching for "1. 6TCFP2" or compatible OSFP224 transceivers, you can locate Singapore-based suppliers, check stock availability, compare pricing, and access datasheets.

Sourcing Strategy in Singapore

Local Distributors: Use Octopart or contact NADDOD/Eoptolink to identify authorized Singapore distributors. Direct Import: If local stock is unavailable, international suppliers often ship to Singapore with standard logistics. Verification: Ensure the supplier provides compatibility confirmation, datasheets, and warranty for 1.

6TCFP2 components. By combining these approaches, you can efficiently locate a reliable Singapore supplier for 1. 6TCFP2 transceivers or compatible high-speed optical modules.
