

Complete Price List for Fiber Optic Junction Boxes

Overview

Find your fiber optic junction box easily amongst the 64 products from the leading brands (HS, LAPP, Cahors, ...) on DirectIndustry, the industry specialist for your professional purchases.

Key Takeaways

Fiber optic junction boxes typically range from \$10 to \$200 or more, depending on type, capacity, and features.

Price Overview

Small Wall-

Mount Boxes: Basic indoor fiber optic wall-mount boxes for 2–6 fibers usually cost \$10–\$30 on platforms like Amazon. These are suitable for home or small office FTTH applications.

Rack-

Mount Terminal Boxes: 19" rack-mounted or rail-based terminal boxes with multiple splice trays and higher fiber capacity (up to 48 fibers) range from \$50-\$150 depending on brand and included accessories. **Splice Closure Boxes:** Outdoor or IP65-rated waterproof splice closures designed for multiple drop cables and feeder lines can cost \$50-\$200, with prices influenced by material (ABS/PC), number of ports, and pre-installed adapters. **Wholesale or Bulk Orders:** On platforms like Alibaba or Made-in-China, bulk purchases can reduce the per-unit cost significantly, with prices starting as low as \$8-\$15 per unit for standard boxes, depending on order quantity and specifications.

Factors Affecting Price

Material: ABS, PC, or polyamide enclosures affect durability and cost. **Capacity:** Number of fibers, adapters, and splice trays. **Mounting Type:** Wall-mounted, rack-mounted, or pole-mounted.

Environmental Rating: Indoor vs. IP65/IP67 waterproof outdoor boxes. **Brand and Accessories:** Pre-installed pigtails, couplers, or lockable lids can increase price.

Summary

For most users, small indoor boxes are inexpensive (\$10-\$30), while high-capacity or outdoor splice closures can reach \$200 or more. Bulk purchasing or sourcing from industrial suppliers can further reduce costs for large-scale deployments.
