Customized Thickened Distribution Box Manufacturer

Overview

Customized Distribution Box Manufacturer Find trusted customized distribution box manufacturers with full customization options. Click to explore verified.

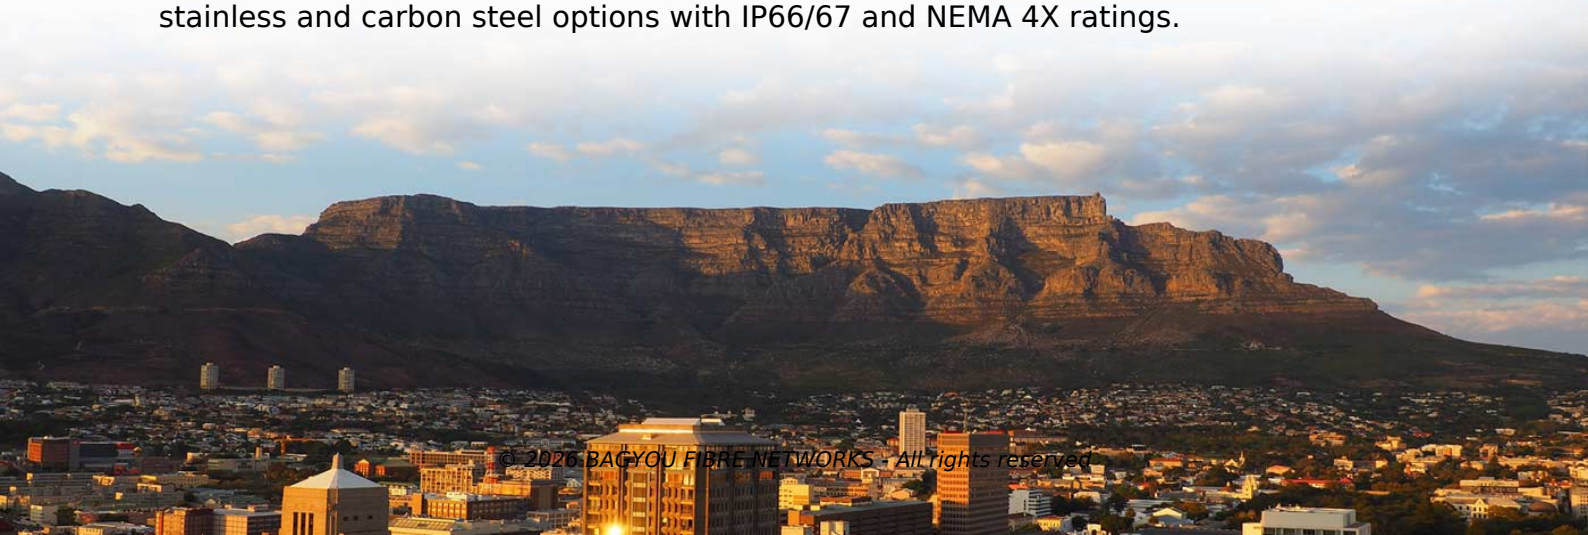

Key Takeaways

Leading manufacturers of thickened distribution boxes include Yisen Electronic Technology, SKKBO, Wenzhou Xujie, Wieland, and DOHO, offering durable, customizable, and certified solutions for industrial and commercial applications. Key Manufacturers1. Yisen Electronic Technology Co., Ltd Yisen specializes in power distribution boxes and industrial enclosures with over 30 years of experience.

They offer a wide range of products including thickened metal and plastic junction boxes, NEMA enclosures, and polycarbonate boxes. Their products are exported to over 100 countries, and they provide professional client customization services, ensuring high-quality, safe, and intelligent solutions for electrical installations. 2.

SKKBO SKKB

O has more than 20 years of experience in manufacturing electrical boxes and distribution boxes. They provide metal distribution boxes for industrial use, including stainless and carbon steel options with IP66/67 and NEMA 4X ratings.

SKKB

O emphasizes customization, fast quotes, and global delivery, making them suitable for indoor and commercial installations such as offices and shopping centers. 3. Wenzhou Xujie Electrical Co., Ltd Xujie specializes in thickened base distribution boxes, wall-mounted metal enclosures, floor-standing cabinets, and plastic boxes.

They have over 15 years of experience and use advanced production techniques like automatic welding, laser cutting, and plastic spraying. Their products are CE and RoHS certified, ensuring safety and environmental compliance, and they export worldwide. 4.

Wieland Electric Wieland offers smart and flexible distribution boxes for decentralized electrical installations in buildings and industrial plants. Their solutions support pluggable installation, building automation, and energy-efficient systems. Wieland's boxes are designed for harsh environments, including moisture-prone areas, and comply with IEC standards for safety and performance.

5.

DOHO Electric DOH

O is a major Chinese manufacturer providing OEM/ODM distribution boxes for industries such as solar energy, wind energy, data centers, and new energy vehicles. They have a strong R&D team and adhere to ISO 9001, 14001, and OHSAS 18001 standards.

DOH

O offers both standard and bespoke thickened distribution boxes, tested and certified by UL, CSA, TUV, and CE. Considerations for Choosing a ManufacturerMaterial and Thickness: Ensure the box is reinforced or thickened for durability and protection. IP/NEMA Ratings: Choose according to environmental exposure (e.g., IP66 for dust and water resistance).

Customization: Many manufacturers offer tailored sizes, configurations, and additional features. Certifications: Look for CE, UL, RoHS, or other relevant certifications for safety and compliance. Global Shipping and Support: Consider manufacturers with international distribution and responsive customer service.

These manufacturers provide reliable options for thickened distribution boxes suitable for industrial, commercial, and specialized electrical applications.
