# Distribution Box HT-8

## Overview

HT-8 Waterproof Distribution Box | 8 Way IP65 Side 8-way waterproof distribution box with side-opening hinged cover for easy HT8 HT8 VIOX HT Series Waterpr.

## Key Takeaways

The HT-8 is an 8-way IP65-rated waterproof distribution box suitable for indoor and outdoor electrical installations, supporting MCBs, fuses, and PV combiner applications.

### Key Features

Circuit Capacity: Supports up to 8 circuits in a single-row layout, with dedicated zero and ground rows for proper wiring management. Protection Rating: IP65-rated, providing dustproof and waterproof protection, making it suitable for harsh environments including rain, dust, snow, and UV exposure. Material: Constructed from durable ABS base and PC transparent cover, ensuring long-lasting performance and resistance to corrosion and environmental damage.

Design: Side-opening hinged cover with lock buckle for easy inspection and secure closure. Transparent cover allows monitoring without opening the box. Installation: Equipped with multiple knockouts for flexible cable entry, DIN rail for MCB installation, and can be mounted directly on walls without slotting.

Compatibility: Can house Miniature Circuit Breakers (MCBs), fuses, surge protection devices (SPDs), disconnectors, and can be configured as a PV combiner box for solar applications.

### Applications

Residential and Commercial: Ideal for organizing and protecting electrical circuits in homes, offices, and commercial buildings. Industrial and Specialized Use: Suitable for electrical, communication, fire-fighting equipment, petrochemical, steel smelting, mining, airports, hotels, and environmental facilities. Outdoor Use: Designed to withstand outdoor conditions due to its IP65 rating, making it suitable for exposed installations.

### Advantages

Durability: High-quality materials and robust construction ensure long service life and resistance to environmental hazards. Safety: Shock-proof insulated components, proper earthing provision, and secure busbar system enhance operational safety. Convenience: Easy installation, clear cover for monitoring, and flexible cable entry options simplify maintenance and upgrades.

The HT-8 distribution box is a versatile and reliable solution for managing multiple electrical circuits safely and efficiently in both indoor and outdoor environments, making it suitable for residential, commercial, and industrial applications.
