Explosion-proof distribution box manufacturer in Lebanon

Overview

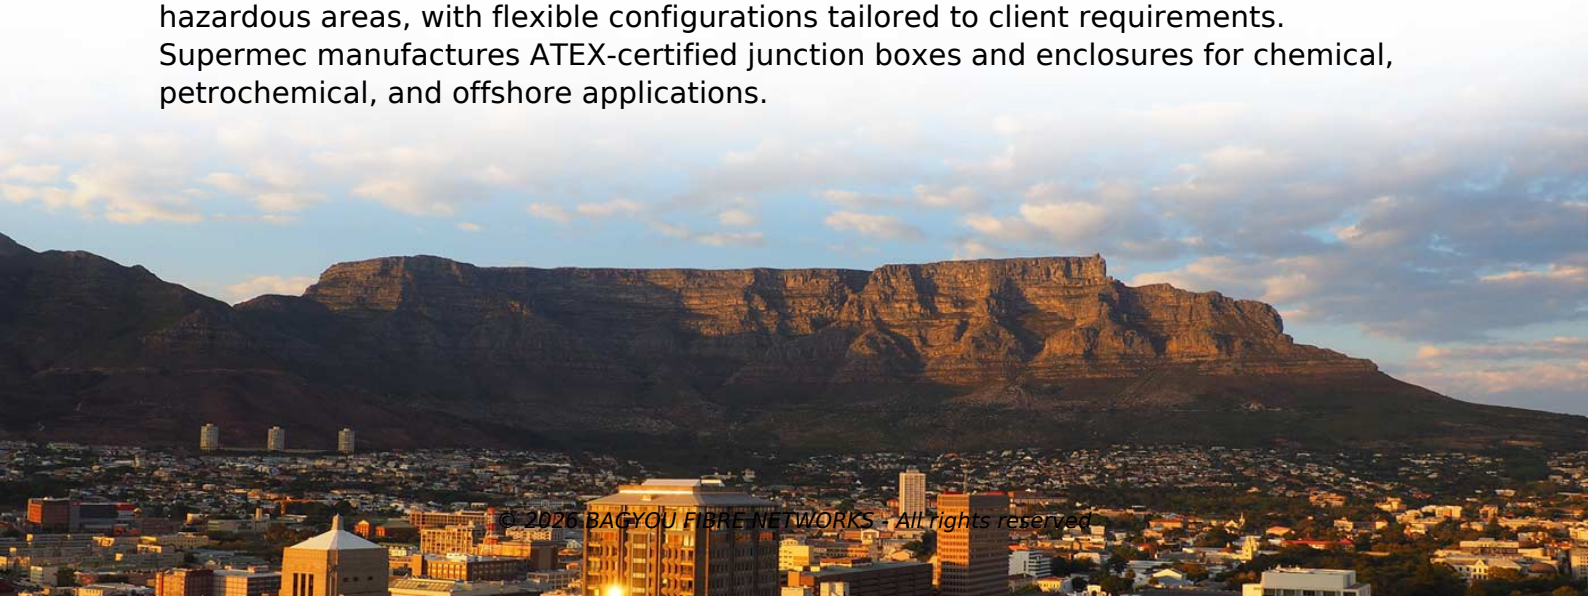

Warom Explosion Proof Terminal Boxes Manufacturer & Supplier offers high-strength terminal boxes for hazardous area cabling and management. Get a quote today!

Key Takeaways

Lebanon has several suppliers and manufacturers of explosion-proof distribution boxes, including Warom, BARTEC, Supermec, and local distributors like Debbas Holding. International Manufacturers with Local AccessWarom specializes in explosion-proof electrical equipment, including distribution boxes, control equipment, and lighting fixtures. Their products comply with international standards such as IEC, ATEX, and IECEx, making them suitable for hazardous industries like petroleum, chemical, and mining sectors.

BARTE

C offers customized explosion-proof solutions, including Ex d (flameproof), Ex e (increased safety), and Ex i (intrinsically safe) enclosures. They provide low- and medium-voltage power distribution systems and motor control solutions for Zone 1 hazardous areas, with flexible configurations tailored to client requirements. Supermec manufactures ATEX-certified junction boxes and enclosures for chemical, petrochemical, and offshore applications.

Their EJB and CS

D series are designed for power distribution, monitoring, and control in highly corrosive and hazardous environments.

Local Suppliers and Distributors

Debbas Holding and associated companies in Lebanon provide electrical panel boards, motor control centers, and medium-voltage cells. They are involved in engineering and contracting electrical projects and can supply explosion-proof distribution boards through partnerships with international manufacturers.

EL

U Lebanon offers SMC enclosure boxes that are flame retardant and watertight. While primarily focused on mechanical strength and impact resistance, they can be adapted for industrial electrical applications upon approval from relevant authorities.

Considerations for Selection

When choosing an explosion-proof distribution box in Lebanon, consider: Certification compliance: Ensure the product meets ATEX, IECEx, or other relevant international standards. Environmental suitability: Check for resistance to corrosive atmospheres, dust, and moisture. Customization: Some manufacturers like BARTEC provide engineer-to-order solutions for specific industrial requirements.

Local support: Availability of technical support, installation, and maintenance services in Lebanon. These manufacturers and distributors provide a range of options for industrial and hazardous applications, ensuring safety, compliance, and long-term reliability.
