How much does Fangzheng cable tray cost

Overview

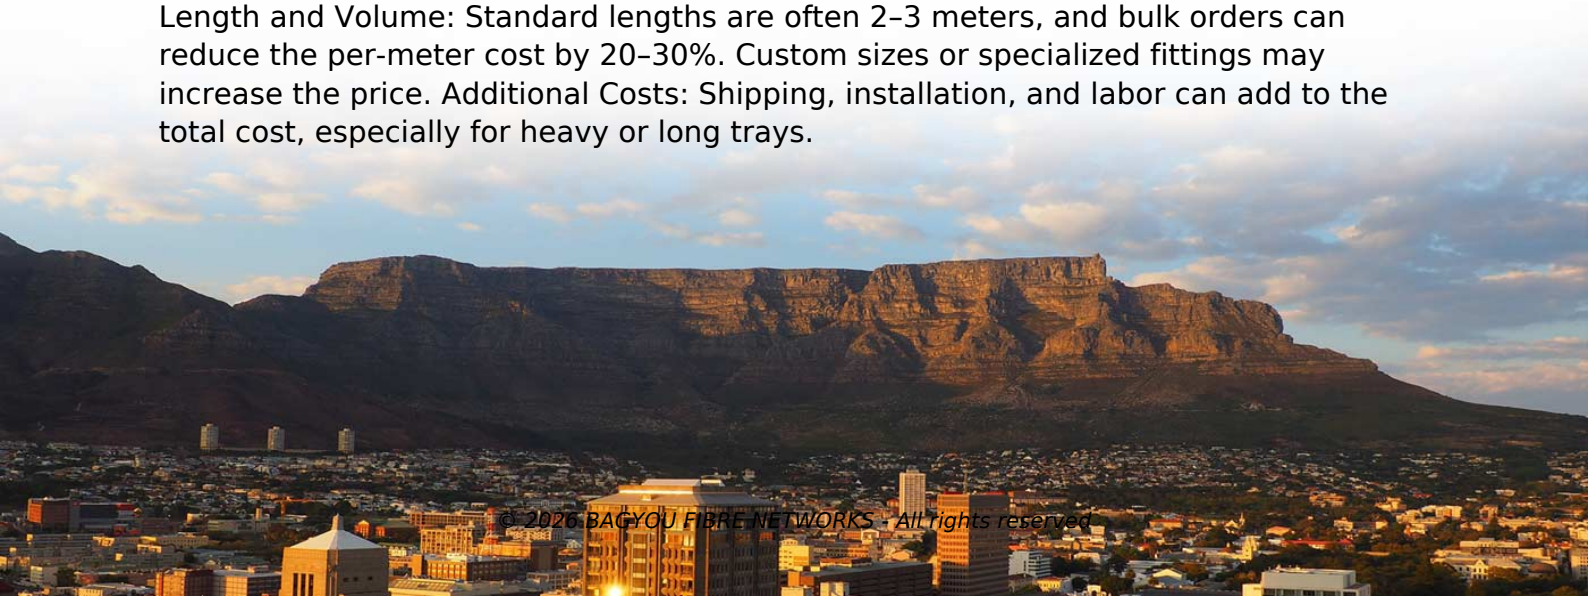

Fangzheng Cable Tray Price List Buyers & ImportersConnect with businesses actively looking to buy wholesale Fangzheng Cable Tray Price List at best prices.

Key Takeaways

Fangzheng cable trays typically range from $2 to $25 per meter, depending on material, type, and finish. The cost of Fangzheng cable trays varies based on several factors: Material and Finish: Galvanized steel is the most common, offering a balance of durability and cost, while stainless steel is more expensive due to corrosion resistance. Aluminum trays are lightweight but pricier, and plastic trays are budget-friendly but suitable only for light loads.

Coatings like hot-dip galvanization (HDG) or powder coating also affect the price, with HDG being more durable and costly. Tray Type: Ladder trays generally cost more than perforated or wire mesh trays because they support heavier cables. Light, medium, and heavy-duty trays have different price points, with heavy-duty options being the most expensive.

Length and Volume: Standard lengths are often 2–3 meters, and bulk orders can reduce the per-meter cost by 20–30%. Custom sizes or specialized fittings may increase the price. Additional Costs: Shipping, installation, and labor can add to the total cost, especially for heavy or long trays.
