Manufacturing and Technology

Huijue operates multiple assembly workshops, including sheet metal, patch cord, and fiber optic cable production lines.

Its R&

D and technical centers in Shanghai support innovation in telecom and communication technologies, while the Jiangsu production base focuses on mass production and precise assembly.

Global Reach and Market Presence

Huijue exports its products worldwide, including the USA, Europe, the Middle East, Southeast Asia, and Australia. Its fiber optic solutions are widely used in telecom, data centers, power, and new energy industries, reflecting a strong reputation both domestically and internationally.

Summary

Huijue Fiber Optic Cable, under Shanghai Huijue Network Communication Equipment Co., Ltd., represents a comprehensive fiber optic and telecom solutions provider with advanced manufacturing capabilities, a broad product range, and a global market presence. The company combines technological innovation, quality assurance, and customized services to support telecom operators and data center infrastructure worldwide.
