Indian Railway Cable Tray Models

Overview

Manufactured and supplied Underframe Cable Tray fixtures for Vande Bharat The Shall have successtully complete d the similar nature ot Work on any type ot Stock of Indian Railways.

Key Takeaways

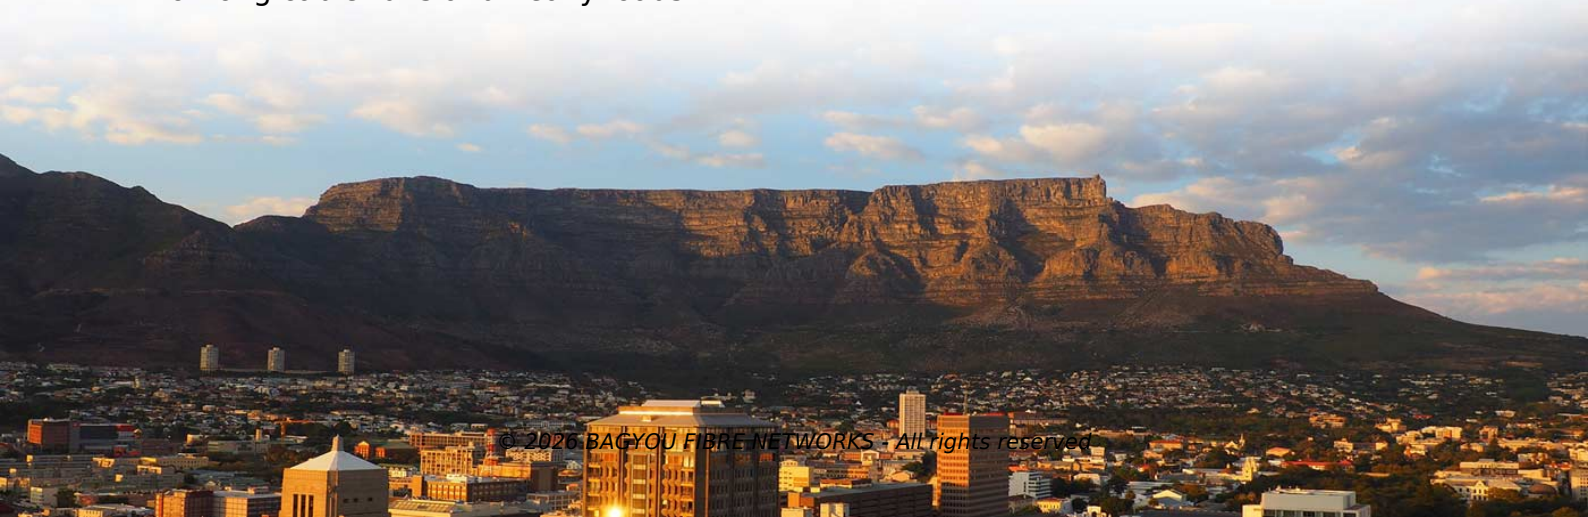

Indian Railway cable trays are designed according to Indian and international standards, available in various materials, profiles, and sizes to support safe and efficient electrical cable management.

Overview

Cable trays in Indian Railways are essential for supporting and routing electrical cables in stations, signaling systems, and overhead electrification (OHE) infrastructure. They are designed to meet Indian Standards (IS), NEMA VE1, and IEC 61537 for safety, load-bearing capacity, and durability.

Types of Cable Trays

Perforated Cable Trays – Feature holes along the tray for ventilation and easy cable fastening. Solid Bottom Trays – Provide full support for cables, ideal for sensitive or heavy-duty installations. Ladder Type Trays – Consist of side rails and rungs, suitable for long cable runs and heavy loads.

Roll-

Formed Profiles (XS Range) – Patented designs for extra stability and flexible layout feasibility. Materials and FinishesPre-Galvanized Steel – Meets ASTM A653 standards with G90 coating.

Hot-

Dip Galvanized Steel – Provides corrosion resistance for outdoor or humid environments. Stainless Steel (AISI 304, 316, 316L) – Used in highly corrosive or industrial areas.

Alu-

Zinc + Magnesium Coating – Offers self-healing properties on cut edges and excellent corrosion resistance. Powder Coated Steel – Pre-treated and coated as per IEC standards for durability.

Dimensions and Accessories

Cable trays come in heights ranging from 50 mm to 750 mm and various widths to accommodate different cable loads. Accessories include: Tees, Horizontal and Vertical Bends – For routing cables around obstacles. Reducers – To transition between different tray widths.

Snap-

On Covers – For protection against dust and mechanical damage. Mounting Options – Round holes for threaded rods and multiple pitch designs for flexible installation.

CA

D Models and 3D RepresentationsFor design and simulation purposes, CAD models of cable trays are available in SOLIDWORKS, AutoCAD, Revit, STEP, STL, and IGES formats. These models allow engineers to integrate cable trays into railway infrastructure layouts digitally before installation. Additionally, 3D-printed Indian Railway props, including cable trays, OHE poles, and junction boxes, are available for modeling and visualization in HO scale or game-ready environments.

Summary

Indian Railway cable trays are robust, standardized, and versatile, designed to meet both national and international standards. They are available in multiple materials, profiles, and sizes, with a wide range of accessories for flexible installation.

CA

D and 3D models further support planning, simulation, and educational purposes, ensuring accurate and safe deployment in railway electrical systems.

Underframe cable tray

Manufactured and supplied Underframe Cable Tray fixtures for Vande Bharat The Shall have successtully complete d the similar nature ot Work on any type ot Stock of Indian Railways.

Niedax Cable Tray

Due to its unique composition it offers a self healing property on cut edges. HRCA (Hot Rolled and Close Annealed): Trays are made of hot roll steel which shall meet IS2062 standard. CRCA (Cold Rolled

Cable Trays Manufacturer & Supplier in India

As an ISO-certified cable tray manufacturing company with advanced manufacturing facilities, we are committed to delivering high-quality, durable cable trays for projects of all scales, from factories and

Bajiya Industrial Corporation Private Limited, New Delhi

Established in the year of 2023, We “Bajiya Industrial Corporation Private Limited” are Manufacturer of an Cable Tray, GI Earthing Strip and Electrical Raceway etc.

Products for Indian Railways Metros by Hulasi Metals

Hulasi is an approved supplier for electrical panels in DFCC, metro rail and CORE electrification projects of Indian Railways.

Cable Trays

Get contact details & address of companies manufacturing and supplying Cable Trays, Metal Cable Trays across India.

Cable Tray for PDF

Cable trays are capable of supporting all types of wiring such as high voltage power lines, power distribution cables, sensitive control wiring, telecom wiring and optical cables.

Cable Trays | Perforated Cable Trays | Cable Trays

We are Bangalore based well-known manufacturers, supplier, and exporter of outstanding variety of cable trays, raceways draw boxes & industrial fabrications.

Cable Management System

Indiana supplies perforated cable trays and ladder trays in Mild steel, Stainless steel, Aluminium and FRP. Cable trays are available in different sizes as per the
