Indian long-span cable tray supplier

Overview

Designed for robustness in long-span applications, Adarsh Udyog make Cable Trays are available in various dimensions i.e. length, width, height and thickness, as per precise customer requirements.

Key Takeaways

Adarsh Udyog, KP Green Engineering, Ralbo Engineering, Ajay Industrial, and India Electricals Syndicate are leading manufacturers of long-span cable trays in India. Key Manufacturers1. Adarsh Udyog Adarsh Udyog specializes in long-span ladder and perforated cable trays, offering customization in length, width, height, and thickness.

They manufacture trays using steel, aluminum, and stainless steel, ensuring robustness for industrial and commercial applications. Their in-house facilities include shearing machines, power presses, welding machines, and paint booths, allowing high-volume production with precise quality control. They source raw materials from reputed suppliers like Tata Steel and Essar Steel, ensuring durability and compliance with standards.

2.

KP Green Engineering K

P Green Engineering provides a wide range of perforated and ladder-type cable trays with high-load capacity and corrosion resistance. They offer customization in thickness (1. 6mm–3mm), width (50mm–1200mm), length (2500mm–6000mm), and side rail height (50mm–100mm).

Their trays are made from mild steel, pre-galvanized steel, and FRP, suitable for manufacturing plants, data centers, refineries, substations, tunnels, and rooftop solar systems. 3. Ralbo Engineering Ralbo Engineering manufactures perforated, ladder, and raceway cable trays for indoor and outdoor installations.

They provide custom fabrication services to meet unique project requirements and focus on durability, strength, and efficient cable organization. Their products are suitable for industrial and commercial applications, with a strong emphasis on customer satisfaction and competitive pricing. 4.

Ajay Industrial Corporation Limited (AICL) AICL is an ISO-certified manufacturer offering perforated and ventilated cable trays for industrial, commercial, and infrastructure projects. They provide trays in HR sheet, GP sheet, Galvalume, stainless steel, and aluminum, with widths from 25mm to 1500mm and thicknesses from 0. 9mm to 3mm.

Their products ensure corrosion resistance, airflow, and compliance with safety standards, ideal for low-voltage and communication cables. 5. India Electricals Syndicate (IES) IES manufactures light, medium, and heavy-duty cable trays, including ladder and FRP types.

Their facilities in Kolkata and Howrah allow customized solutions for industrial and infrastructure projects. They use MS sheet, GI sheet, aluminum, and other high-grade materials, offering galvanizing, powder coating, and anodizing finishes.

IE

S also exports to countries like Bangladesh, Nepal, South Africa, and Sri Lanka.

Summary

For long-span cable tray requirements in India, these manufacturers provide a combination of customization, high-load capacity, corrosion resistance, and compliance with international standards. Depending on your project needs—material type, span length, and environmental conditions—you can choose from these reputable suppliers to ensure reliable cable management solutions.
