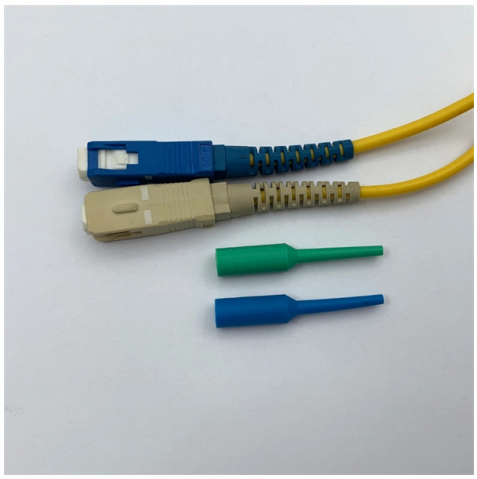
Kuwait Fire-Resistant Cable Tray Manufacturer



Overview

Cable Tray System – Kuwaiti Al Nafe Group for General Trading. Alnafaa Group is a pioneer Kuwait based GRP FRP tray manufacturer in the industry. Besides.

Key Takeaways

Alnafaa Group and Ferrotech are leading providers of high-quality fire-resistant FRP/GRP cable trays in Kuwait, offering durable, corrosion-resistant, and project-ready solutions.

Alnafaa Group

Alnafaa Group specializes in GRP and FRP fire-resistant cable trays, manufactured from glass-armoured thermoset resins. Their systems are designed for high durability, corrosion resistance, and electrical insulation, making them suitable for industrial and infrastructure projects in Kuwait. They offer a wide range of sizes, fittings (bends, tees, reducers), covers, and support systems, and comply with standards such as IS 6746 and NEMA FG-1.

Alnafaa Group is recognized as a premium local manufacturer with the capability to produce custom sizes and specialized fittings for complex projects.

Ferrotech

Ferrotech provides FRP cable tray systems that meet stringent fire retardant requirements. Their trays are anti-corrosive, UV-resistant, electrically insulating, and low in thermal conductivity, making them ideal for harsh environments where metallic trays may corrode. Ferrotech offers perforated and ladder-type trays, along with a complete range of accessories and couplers to support project-specific requirements.

Their systems are widely used in industrial and commercial installations across Kuwait and the Gulf region.

Other Notable Manufacturers

Bahman Group: Offers GI cable trays, ladders, and trunking for local projects, including hospitals and universities. While primarily metal-based, they provide reliable solutions for infrastructure projects in Kuwait.

EBOMA

C: Supplies medium and low voltage switchgear and cable trays, with a focus on quality, local support, and compliance with testing standards. They are a reputable choice for electrical contractors seeking integrated solutions.

Recommendation

For fire-resistant, corrosion-proof, and long-lasting cable trays, Alnafaa Group and Ferrotech are the most suitable options in Kuwait. They provide FRP/GRP systems that are specifically engineered for fire safety, extreme temperatures, and industrial durability, making them ideal for both new installations and retrofits in demanding environments. When selecting a supplier, consider project-specific requirements such as tray type, fire rating (EI60, EI90, EI120), environmental exposure, and ease of maintenance, as highlighted in Middle East project guidelines.
