Lebanon Electrical Cable Tray Support Specifications

Overview

Cable Support Systems are well designed to provide necessary support for cable trays, cable ladders and trunkings.

Key Takeaways

Lebanon offers a wide range of cable tray systems and support models from manufacturers like SFSP and Legrand, including ladder trays, wire mesh trays, basket trays, trunking, and associated support accessories.

SFS

P Lebanon Cable Tray SystemsSFSP Lebanon provides a comprehensive range of cable management solutions designed to meet local and international standards (BS EN 61537, NEMA, CENELEC EN 50173-1, ISO/IEC 11801) and suitable for various electrical installations. Key models include: Cable Ladders: Available in different side heights, ideal for heavy-duty power cables and long spans. Basket Trays: High-strength welded steel wire trays with continuous airflow to prevent cable overheating; easy to connect with minimal tools.

Wire Mesh Trays: Pre-galvanized, hot-dip galvanized, stainless steel, or aluminum finishes; flexible for multiple configurations. Cable Trunkings: Underfloor and wall-mounted solutions for power and data distribution, available in mill galvanized, hot-dip galvanized, and powder-coated finishes. Support Accessories: Strut channels, pipe clamps, hangers, wall brackets, suspension brackets, and ceiling mounts for secure installation.

SFS

P trays are designed for indoor and outdoor applications, with NEC-compliant options for equipment grounding and free-air conductor ratings, allowing greater spacing between supports and potential cost savings. Legrand Lebanon – Cablofil Wire Mesh TraysLegrand's Cablofil wire mesh cable trays offer flexible and scalable cable management solutions: Wire Mesh Trays: 90% open structure for airflow, easy inspection, and minimal dust accumulation.

Quick-

Fixing Systems: Faslock auto and other toolless accessories for bends and directional changes on-site. Support Systems: Wall brackets, suspension brackets, hangers, and Strut rails compatible with all Cablofil trays. Finishes: EZ, EZ+, GC, 316L, and 304L stainless steel; certified E30/E90 and compliant with IEC 61537, ABS, and DNV standards.

Safety Features: Patented T-joint system reduces hand injuries during installation.

Summary of Support Models

Both SFS

P and Legrand provide support models compatible with their cable trays: Wall Brackets: For vertical or horizontal wall-mounted trays.

Suspension Brackets/

Hangers: For ceiling or overhead installations. Strut Channels: Modular support for flexible tray layouts. Pipe Clamps and Hangers: For securing conduits alongside trays.

Toolless Accessories: Quick-fix systems for bends, junctions, and directional changes. These systems are suitable for industrial, commercial, and offshore applications, offering corrosion resistance, compliance with international standards, and ease of installation. For detailed specifications, dimensions, and product codes, you can consult the SFSP Lebanon cable tray catalog and Legrand Cablofil catalog available online.
