Middle East Vibration Optical Cable Brand Manufacturer

Overview

Welcome to Prysmian: the world leader in cable manufacturer, energy solutions, telecom cables and systems industry. Find out more!

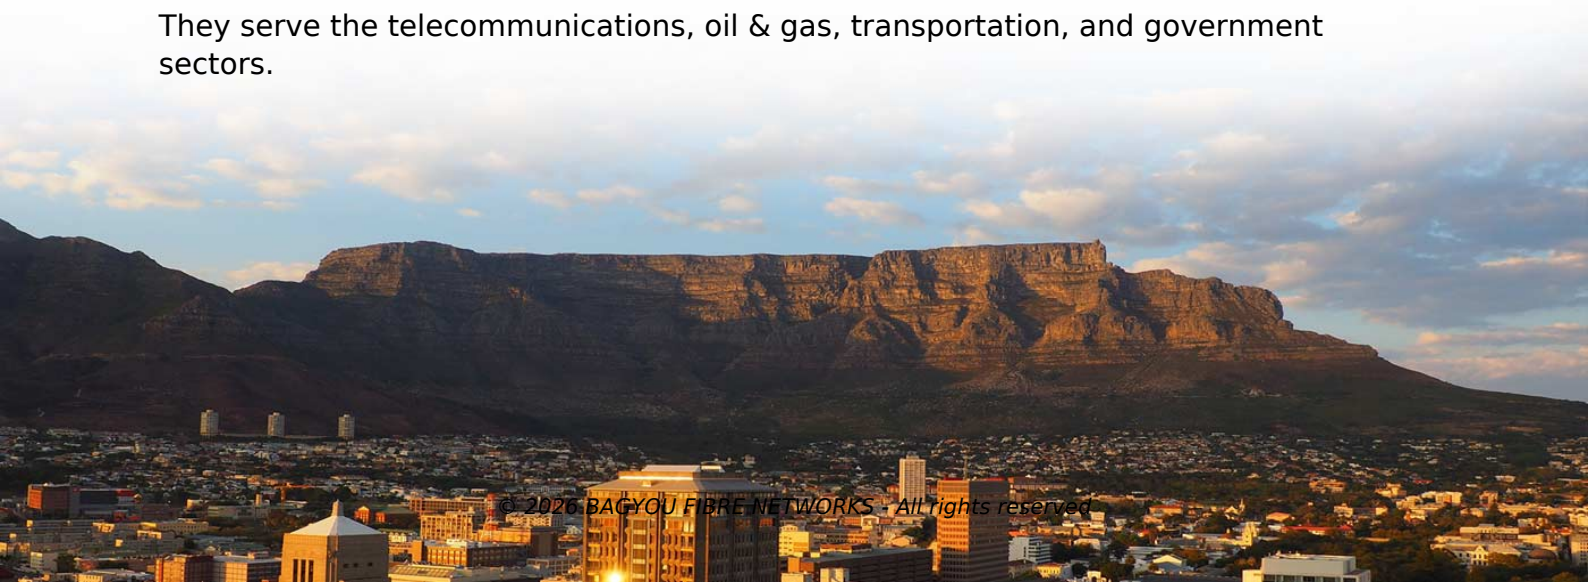

Key Takeaways

Key manufacturers of vibration-sensing optical cables in the Middle East include Hikvision, MEFC, Naficon, and Arabian Fiber, offering solutions for security, telecom, and industrial applications.

Hikvision Middle East

Hikvision provides fiber-optic vibration sensing systems that detect environmental changes along perimeters and infrastructure. Their optical fiber products use light waves to sense vibrations and can trigger alarms linked to video review for enhanced security monitoring, making them suitable for long-distance perimeter intrusion detection in industrial and governmental facilities. Middle East Fiber Cable Manufacturing Co. (MEFC)Located in Riyadh, Saudi Arabia, MEFC is a Saudi-Japanese partnership specializing in fiber optic cable manufacturing.

They serve the telecommunications, oil & gas, transportation, and government sectors.

MEF

C produces high-quality fiber optic cables and accessories, including solutions for industrial vibration sensing and critical infrastructure monitoring, leveraging advanced manufacturing processes and strategic partnerships.

Naficon

Naficon Fiber Optic Manufacturing LL

C, based in Dubai, UAE, is part of a Finnish parent company with over 30 years of experience. They manufacture and supply fiber optic products for telecom, data centers, and utility networks. Naficon is ISO9001 certified and provides customized fiber optic solutions, which can include vibration-sensing capabilities for industrial and security applications.

Arabian Fiber Optic Cable Manufacturing LL

C (AFOC)AFOC, based in the UAE, manufactures high-quality fiber optic cables for telecommunications, data networking, and large-scale infrastructure projects. Their production facilities use advanced technology and strict quality standards, and they offer tailored optical fiber systems that can support vibration sensing and monitoring in mission-critical environments.

Additional UAE Manufacturers

Other notable manufacturers in the UAE include HELUKABEL, Norden, GEC, DME Prolink, and Super Technologies, all of which provide fiber optic cables for indoor, outdoor, and industrial applications. Many of these companies offer customized solutions that can integrate vibration sensing for security and industrial monitoring purposes.

Summary

For vibration-sensing optical cables in the Middle East, Hikvision is a leading provider of sensing systems, while MEFC, Naficon, and Arabian Fiber are key manufacturers producing high-quality fiber optic cables suitable for industrial, telecom, and security applications. Additional UAE-based manufacturers like HELUKABEL and Super Technologies also offer customizable solutions for specialized vibration detection needs.
