Namibian towed optical cable manufacturer

Overview

Electric | Swanib Cables (pty)ltd, Electrical Supplies, Swanib Cables, a distributor of electric cables, transformers and fibre optic cables to the Namibia.

Key Takeaways

Swanib Cables and Cable Feeder Systems Namibia (CFS) are leading suppliers of fiber optic cables in Namibia, serving mining, telecom, and infrastructure sectors.

Swanib Cables

Swanib Cables is a prominent distributor of electric and fiber optic cables in Namibia, with over 36 years of experience in the industry. They supply a wide range of cabling solutions suitable for industrial, mining, and telecommunications applications. Their fiber optic products are designed for high-speed data transmission and long-distance communication, which can include applications requiring towed or ruggedized optical cables.

Swanib serves multinational mining operations, government projects, and blue-chip companies, providing both products and technical support. Products: Fiber optic cables, power cables, data cables, transformersApplications: Mining, utilities, telecom, industrial infrastructureLocation: Windhoek, NamibiaContact: Available via their website for inquiries and technical consultation Cable Feeder Systems Namibia (CFS)CFS specializes in advanced cable networking systems and fiber optic solutions. They provide structured copper and fiber optic cabling systems suitable for FTTH, enterprise, and backbone deployments, which can support high-bandwidth and long-distance communication needs.

While primarily a distributor, CFS offers consultation, installation guidance, and training, making them a key partner for projects requiring specialized optical cable deployment. Products: Fiber optic cables, patch panels, enclosures, connectors, cable management systemsApplications: Telecommunications, industrial networks, commercial infrastructureServices: Technical consultation, network design, installer trainingSummaryWhile Namibia may not have widely publicized manufacturers specifically producing towed optical cables, Swanib Cables and CFS are the main suppliers capable of providing fiber optic solutions suitable for such applications.

They offer both the products and technical expertise necessary for deployment in demanding environments such as mining, telecom, and industrial networks. For procurement or technical inquiries, contacting these companies directly through their websites is recommended to discuss customized fiber optic solutions and availability for towed cable applications.
