Nepalese Zinc-Coated Cable Tray Brands

Overview

We offer top-notch Galvanized Cable Trays in Nepal. These metal trays, coated with a special zinc shield, resist rust and last a long time, even in tough environments.

Key Takeaways

Top Nepalese brands for zinc-coated cable trays include Brilltech Engineers Pvt. Ltd., Hutaib Electricals, and Super Cable Tray Pvt. Ltd., offering durable, corrosion-resistant solutions for industrial and commercial applications.

Leading Manufacturers1. Brilltech Engineers Pvt. Ltd.

Brilltech Engineers is a prominent manufacturer and supplier of hot-dip galvanized cable trays in Nepal. Their trays are made from high-grade steel coated with zinc, providing excellent corrosion resistance and long-term durability. They offer perforated designs for proper ventilation, preventing cable overheating, and support quick installation for industrial, commercial, and power plant applications.

Brilltech also provides customized solutions and has ISO certifications, serving clients like Hero, Kia, Bosch, and Honda. 2. Hutaib Electricals Established in 2001, Hutaib Electricals manufactures a wide range of cable trays, including perforated, ladder-type, wire mesh, channel, and basket trays.

Their galvanized trays comply with IS-277 and IS-2629 standards and are available in hot-dip, pre-galvanized, and powder-coated finishes. Hutaib also produces accessories like bends, elbows, tees, and reducers, ensuring complete cable management solutions. Their products are suitable for industrial, commercial, and residential projects in Nepal.

3. Super Cable Tray Pvt. Ltd.

Super Cable Tray specializes in channel-type and perforated galvanized cable trays. Their products are widely used in factories, hospitals, shopping centers, airports, and other commercial spaces. They also manufacture GI earthing strips for electrical safety.

The open-bottom design of their trays facilitates easy cable maintenance and replacement, making them a versatile choice for both new installations and upgrades.

Key Features of Nepalese Zinc-

Coated Cable Trays

Corrosion Resistance: Zinc coating protects against rust in harsh environments. Durability: Hot-dip galvanized steel ensures long-lasting performance. Versatility: Available in ladder, perforated, channel, and basket types.

Ease of Installation: Designed for quick setup, reducing labor costs. Applications: Suitable for industrial plants, commercial buildings, hospitals, airports, and residential projects. These brands provide reliable options for high-quality, zinc-coated cable trays in Nepal, catering to diverse project requirements while ensuring safety and longevity.
