North Asia Optical Cable Supplier

Overview

Buy premium Optical Fiber Cables in bulk from verified wholesale suppliers and manufacturers in Asia. Best prices, bulk discounts, trusted deals at go4WorldBusiness .

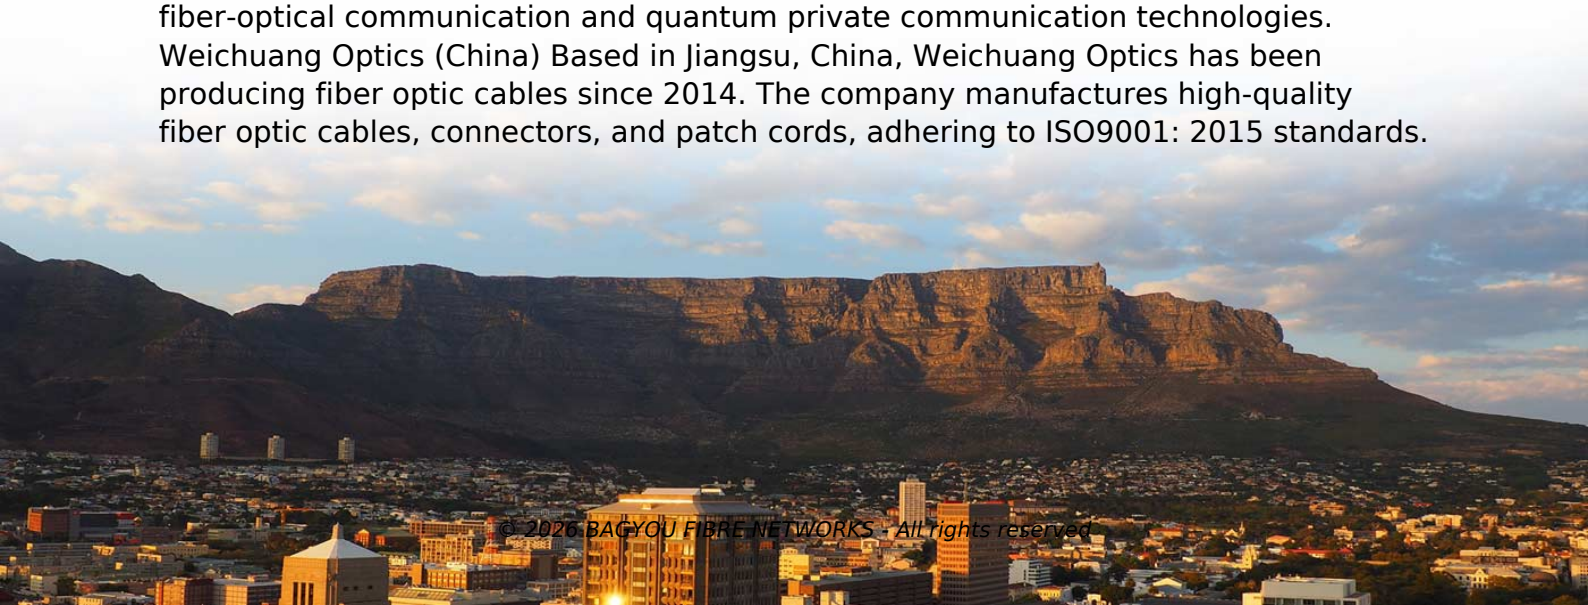

Key Takeaways

Leading optical cable manufacturers in North Asia include Hengtong Group, Weichuang Optics, and Asian Cables (KEC International), offering high-quality fiber optic solutions for telecom, data centers, and industrial applications.

Key Manufacturers

Hengtong Group (China) Hengtong Group is one of the largest optical fiber and power cable manufacturers in China and ranks among the top three global optical fiber communication enterprises. It holds approximately 25% of the Chinese market and 15% of the international market. Hengtong operates 12 manufacturing facilities and 9 sales companies worldwide, supplying products to over 150 countries.

The company specializes in optical fiber communication, ultra-high voltage submarine cables, and semiconductor materials, with a full industrial chain covering fiber-optical communication and quantum private communication technologies. Weichuang Optics (China) Based in Jiangsu, China, Weichuang Optics has been producing fiber optic cables since 2014. The company manufactures high-quality fiber optic cables, connectors, and patch cords, adhering to ISO9001: 2015 standards.

Its products are widely used in telecommunications, data centers, and high-speed transmission networks. Weichuang Optics emphasizes customization, low insertion loss, high reliability, and easy installation, serving major operators like China Telecom, China Mobile, and China Unicom. Asian Cables / KEC International (India) Asian Cables, under KEC International, is a leading manufacturer of power, telecom, and optical fiber cables in India.

With state-of-the-art facilities in Vadodara and Mysuru, the company produces a wide range of cables including EHV, HT & LV power cables, telecom and optical fiber cables, and railway cables. Their facilities are ISO 9001, 14001, and 45001 certified, and the in-house R&D is recognized by the Department of Science and Industrial Research. Asian Cables has a strong legacy in pioneering XLPE cables in India.

Additional Options

Other North Asian manufacturers can be explored through directories like World of Manufacturers, which lists multiple fiber optic cable producers across Asia, including companies in China, Japan, and South Korea. These directories provide access to company profiles, product ranges, and export capabilities.

Considerations for Selection

When choosing a manufacturer, consider: Certifications: ISO 9001, ISO 14001, and industry-specific standards. Product Range: Telecom, data center, submarine, or industrial optical cables. Customization: Ability to provide tailored solutions for specific network requirements.

Global Reach: Export capabilities and logistics support for international projects. Technological Expertise: Experience in high-speed, low-loss, and high-durability fiber optic solutions. These manufacturers provide reliable options for sourcing optical cables in North Asia, with proven track records in both domestic and international markets.
