Paraguay Cable Tray Installation Unit Price

Overview

Price List Cable Tray 2024 - Free download as PDF File (.pdf), Text File (.txt) or view presentation slides online.

Key Takeaways

Cable tray installation in Paraguay typically ranges from $5 to $50 per meter, depending on material, type, and installation complexity.

Price Overview

The cost of installing cable trays in Paraguay varies significantly based on material, design, and project requirements. Common materials include: Steel trays: $5–$25 per meter, suitable for general-purpose installations in residential, commercial, and industrial settings. Aluminum trays: $6–$30 per meter, lightweight and corrosion-resistant, ideal for humid or industrial environments.

Fiberglass (FRP) trays: $10–$50 per meter, highly durable in aggressive environments such as chemical plants or offshore installations. Stainless steel trays: Premium option for extreme conditions, offering maximum corrosion resistance and durability. Tray types also affect pricing.

Ladder-type trays are commonly used for hot-dip galvanized installations, while solid-bottom trays may be required for sensitive or high-density cabling.

Local Suppliers in Paraguay

Several manufacturers and suppliers operate in Paraguay, providing both products and installation services: Jeetmull Jaichandlall (P) Ltd.: Offers a wide range of cable trays in various sizes, shapes, and colors, tailored to industrial and commercial needs.

COMINS

A: Produces electrical panels, cable trays, and plastic conduits with IP-65 and IK-10 certifications, serving 28 cities nationwide.

Factors Affecting Installation Costs

Material choice: Steel is generally cheaper, while FRP and stainless steel are more expensive. Tray size and design: Larger or custom-shaped trays increase costs. Installation complexity: Elevated floors, long spans, or difficult access areas require additional labor and supports.

Accessories: Supports, brackets, and connectors add to the total cost.

Practical Considerations

For budgeting, it is recommended to calculate costs per meter based on the chosen material and type, then add approximately 10–20% for installation labor and accessories. Engaging local suppliers like COMINSA or Jeetmull Jaichandlall can provide custom quotes tailored to specific project requirements.
