Power cable trays for computer room distribution boxes

Overview

Perforated cable trays where support and airflow both matter. Global Recycled Standard (GRS) certified products contain recycled content that has been independently verified at each stage of the supply chain, from the source to the final product and meet social, environmental, and chemical requirements. Beneath most desks in the modern workplace is a growing chaos of cords. The Steelcase Universal Cable Management Kit makes neat work. Snake Tray has been designing and manufacturing cable trays (cable management systems), power distribution and enclosures since 1996! Our goal is to provide our customers with cost-effective solutions that help reduce the total cost of construction. Crowded spaces and changing technologies in data centers, data closet, tenant areas, data backbones make Basorfil the ideal cable management solution. Turns, Tee's, rises and drops all can be quickly. In this guide, we will walk through how to select, design, and install cable trays specifically for server room environments, helping you avoid common mistakes and build a system that is both efficient and future-proof.
