Precision distribution cabinets and high-voltage switchgear

Overview

Discover our comprehensive range of LV distribution panels and HV switchgear cabinets, engineered to deliver reliable power control across industrial and utility installations. IEC/UL certified, compatible with global grid standards, and designed for extreme operating. Welcome to Contact Us For Any Potential Project, Customize/OEM/ODM service are availble. Reliable,quality-assured products trusted worldwide. Standardized design: Modular switchgear complies with IEC 62271, ensuring seamless interchangeability for 10kV-40. Learn More Designed to provide 50-300 kVA power in small to mid-sized data centers, the Liebert® TFX PDU offers reliable. GOHO is a professional high and low voltage switchgear manufacturer. Looking for a reliable distribution cabinet solution for industrial, commercial, or residential power systems?

At ZHENGXI, we specialize in designing and manufacturing high and low voltage distribution cabinets that deliver safe, efficient, and stable power distribution.
