Overview

Junction Box Cost Guide: Prices & Installation 2026A junction box can cost anywhere from around $10 for a simple indoor plastic box to several hundred doll.

Key Takeaways

Communication line connection junction boxes typically range from £5 to £150 depending on type, size, and specifications.

Overview of Pricing

The cost of junction boxes varies widely based on material, size, number of ports, and intended use: Small indoor telephone or low-voltage junction boxes: These are compact boxes for home or office telephony and alarm systems, usually priced between £5 and £20 on platforms like Amazon and Data Comms Direct. Standard electrical or cable junction boxes: Commonly used for general wiring and telecommunications, prices range from £10 to £50, depending on the number of connection points and whether they are wall-mounted or surface-mounted. Specialized or industrial-grade junction boxes: These include waterproof, UV-resistant, or explosion-proof models for outdoor or hazardous environments.

Prices for these can range from £50 to £150 or more, reflecting their enhanced protection and compliance with safety standards.
