Price of Pre-made Cable Trays in Australia

Overview

Cable Tray for Electrical Installations | OzstrutContractors use cable trays to route and protect cables, keeping systems organised and compliant with Aust.

Key Takeaways

Cable trays in Australia typically range from AUD 20 to AUD 500 or more, depending on material, size, and type.

Price Overview

Lightweight Aluminium Trays: Generally cost between AUD 20 to AUD 100 per meter. Aluminium is corrosion-resistant and suitable for most indoor and outdoor installations. Galvanised Steel Trays: More cost-effective, priced around AUD 25 to AUD 80 per meter, offering good strength but heavier than aluminium.

Stainless Steel Trays: Premium option for high corrosion resistance and chemical environments, typically AUD 80 to AUD 500 per meter, depending on thickness and width. Wire Mesh (Basket) Trays: Lightweight and flexible, often AUD 30 to AUD 150 per meter, ideal for aesthetic concealment and easy cable routing. Cable Ladder Trays: Designed for heavy loads and industrial use, prices range from AUD 50 to AUD 400 per meter, depending on span, material, and load capacity.

Factors Affecting Price

Material: Stainless steel is the most expensive, followed by aluminium, then galvanised steel. Tray Type: Ladder trays are generally more expensive than solid-bottom or perforated trays due to structural requirements. Size and Width: Wider trays (e.g., 300mm or more) cost more than narrow trays (75–150mm).

Accessories: Fittings, brackets, and supports add to the total cost. Some suppliers offer kits including these components. Length: Standard lengths are 500mm, 1000mm, and 2000mm; longer sections or custom sizes may increase the price.

Where to BuyRS Australia: Offers a wide range of aluminium, galvanised, and stainless steel trays with online ordering.

AG

M Electrical: Provides ladder and cable trays with factory-direct pricing and showroom access.

MJ

S Electrical Supplies: Stocks aluminium, steel, and stainless steel trays in various widths and lengths. 4Cabling: Offers single and double-layer trays in standard lengths with free shipping over AUD 50. In summary, budget-friendly options start around AUD 20 per meter, while high-end stainless steel or industrial ladder trays can exceed AUD 500 per meter, depending on specifications and project requirements.
