Price of steel columns for cable trays

Overview

Steel Cable Tray Steel cable trays offer a practical and durable solution for cable management in industrial and commercial applications.

Key Takeaways

Mild steel columns for cable trays range from approximately £33 to £99 per meter depending on length and specifications.

Pricing Details

For 152 x 152 x 23 mm mild steel columns, current prices from Ainscough Metals are as follows: 1. 0 meter length: £33. 121.

5 meter length: £49. 682. 0 meter length: £66.

242. 5 meter length: £82. 803.

0 meter length: £99. 36 These prices reflect standard mild steel sections suitable for supporting cable trays in industrial or commercial installations and are subject to availability and stock levels.

Considerations for Cable Tray Installations

Steel cable trays themselves are available in various sizes and finishes, designed to handle heavy loads and harsh environments, ensuring safe and organized cable management. When planning a cable tray system, the height and spacing of steel columns should match the tray load requirements and installation layout. Suppliers like McMaster-Carr and RS Components offer a wide range of cable trays and accessories, which can be paired with steel columns for complete installations.

In India, mild steel cable trays are also widely available from manufacturers and suppliers, providing options for local procurement.

Summary

For a standard 152 x 152 x 23 mm mild steel column, expect to pay £33–£99 per piece depending on the length. Additional costs may include installation, fasteners, and any protective coatings if required for outdoor or corrosive environments. Selecting the correct column length and strength is essential to ensure the cable tray system is safe and durable.
