Shielded Cable Tray Manufacturers

Overview

Electrical Cable Tray Suppliers Looking for a high-quality cable tray manufacturer?

Shielden specializes in designing and manufacturing durable, high-perfo.

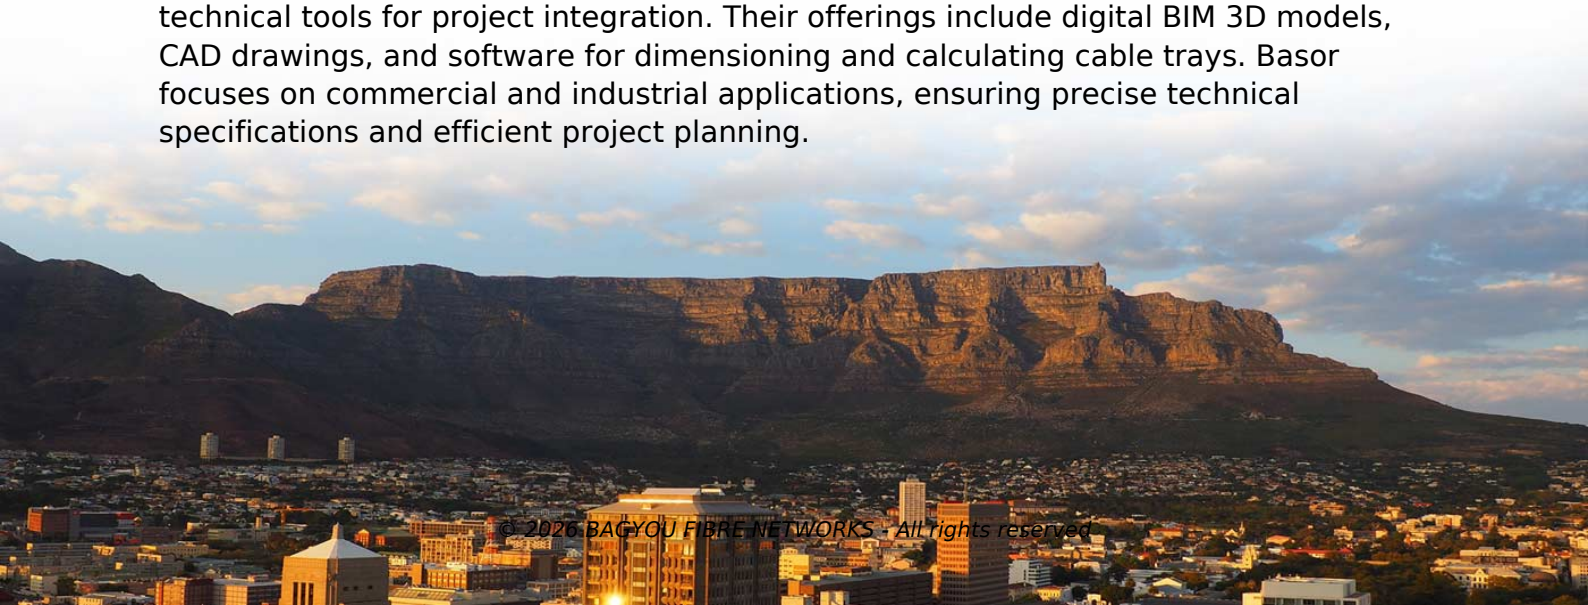

Key Takeaways

Leading manufacturers of shielded cable trays include Shielden, Basor Electric, Atkore, Chalfant Manufacturing, and Spina Group, offering durable, corrosion-resistant, and customizable solutions for industrial and commercial applications.

Key Manufacturers and Offerings

Shielden specializes in high-performance cable tray systems made from stainless steel, galvanized steel, aluminum, and fiberglass-reinforced plastic (FRP/GRP). Their products include ladder trays, perforated trays, wire mesh trays, solid bottom trays, and channel trays, suitable for industrial plants, offshore platforms, data centers, and renewable energy projects. Shielden emphasizes corrosion and fire resistance, custom solutions, and easy installation and maintenance.

Basor Electric provides a wide range of cable tray and ladder systems with advanced technical tools for project integration. Their offerings include digital BIM 3D models, CAD drawings, and software for dimensioning and calculating cable trays. Basor focuses on commercial and industrial applications, ensuring precise technical specifications and efficient project planning.

Atkore offers fiberglass, aluminum, and mill-galvanized steel cable trays, including I-beam ladder trays, channel trays, and wire mesh systems. Their solutions are designed for communication, fire alarm, and control cabling, with pre-punched holes for easy installation and a variety of fittings for complex configurations. Atkore emphasizes lightweight, corrosion-resistant materials and labor-saving designs.

Chalfant Manufacturing produces ladder cable tray systems with non-slip treaded covers for indoor and outdoor use. Their trays are designed for reliability, ease of installation, and long-term cost savings, with multiple finishes and screwless connections for versatile applications. Spina Group (Schiavetti Tekno) is an Italian manufacturer offering stainless steel, galvanized, and wire cable trays in closed, perforated, ladder, and wire-mesh types.

Their systems ensure electrical continuity, thermal expansion management, and long-term performance. Spina Group provides shielded cable trays with protective covers for outdoor environments, ensuring UV and rain protection while maintaining proper ventilation. Considerations for Choosing a ManufacturerMaterial Selection: Stainless steel, aluminum, galvanized steel, or FRP/GRP depending on environmental conditions.

Application Needs: Industrial, commercial, offshore, or data center installations. Customization: Ability to provide tailored sizes, fittings, and protective covers. Compliance: Adherence to international standards such as EN and UL.

Installation Support: Availability of CAD/BIM files, technical documentation, and easy-to-install designs. These manufacturers provide comprehensive solutions for shielded cable trays, ensuring durability, safety, and efficient cable management in demanding environments.
