Supply of explosion-proof electrical distribution boxes from Dutch manufacturers

Overview

Explosion-proof housing | Techned Benelux EJB SERIES Explosion-proof Ex d enclosures TechNed produces explosion-proof electrical distribution boxes (EJBs).

Key Takeaways

TechNed Benelux and EXproof BV are leading Dutch manufacturers of ATEX and IECEx certified explosion-proof electrical distribution boxes.

Tech

Ned BeneluxTechNed designs and manufactures explosion-proof electrical distribution boxes (EJBs) with robust housings in stainless steel, carbon steel, or seawater-resistant aluminum. Their products are ATEX and IECEx certified, suitable for hazardous areas, and can be customized in collaboration with clients.

Tech

Ned also provides compatible cable glands, push buttons, and control stations, ensuring fully integrated solutions for industrial applications.

E

Xproof BVE

Xproof BV specializes in explosion-proof junction boxes, control stations, and distribution boxes made from stainless steel or polyester. Their products are certified for hazardous areas and include terminals, cable entries, and cable glands.

E

Xproof offers a wide range of sizes and configurations, allowing customization for specific industrial needs. They also supply pushbuttons, switches, and warning signals for complete hazardous area installations.

Additional Notes

Both manufacturers provide customizable solutions for industrial environments, ensuring compliance with safety standards and operational reliability. They cater to applications requiring ATEX and IECEx certifications, making them suitable for chemical plants, offshore platforms, and other hazardous locations.

Tech

Ned focuses on integrated solutions with their own components, while EXproof emphasizes a broad product range and flexible configurations. For projects requiring highly durable, certified, and customizable explosion-proof enclosures, these Dutch manufacturers are reliable options.
