Which Saudi Arabian supplier offers the best quality galvanized cable trays

Overview

Adhwa Al-Rawafid Electric Industries is a leading manufacturer of cable management products and accessories, our innovative and quality products have been serving the industrial process for 18 years.

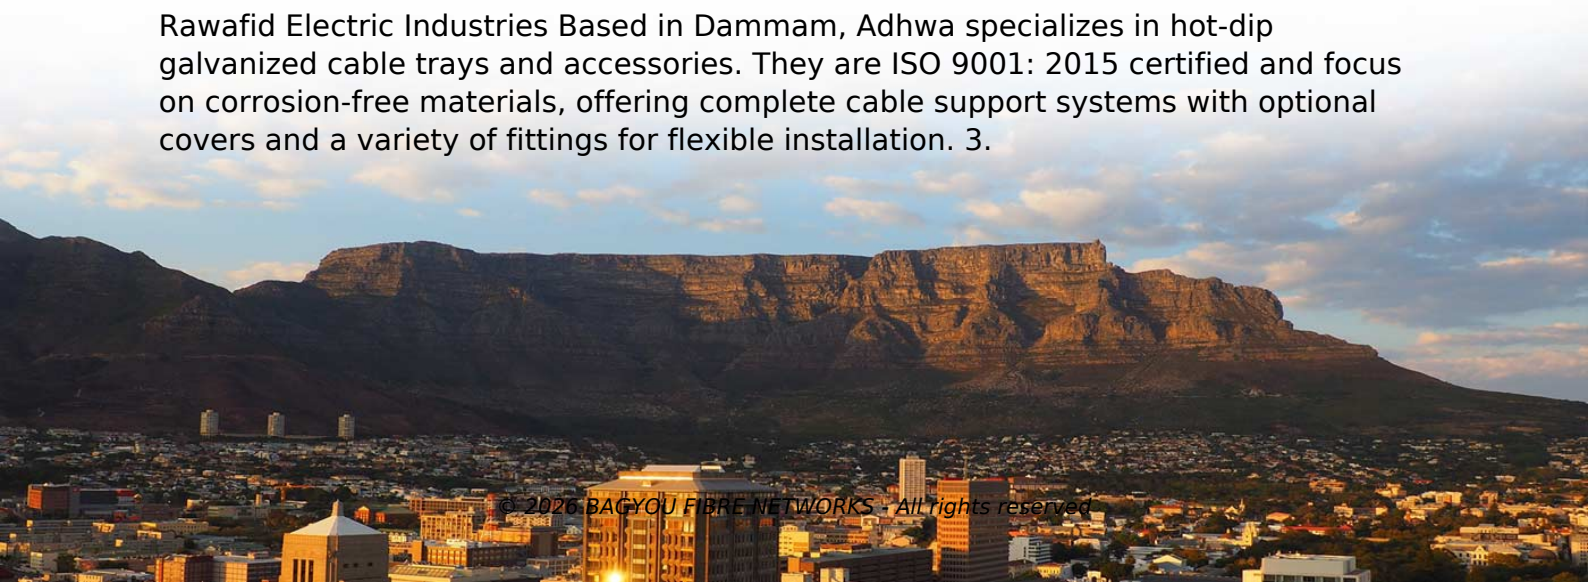

Key Takeaways

Top suppliers of high-quality galvanized cable trays in Saudi Arabia include Integrated Steel Plant, Adhwa Al-Rawafid Electric Industries, Matkel, Bahra Electric, and BMC Bakriya Metal, all offering certified, durable, and corrosion-resistant products. Leading Suppliers1. Integrated Steel Plant (ISP) ISP provides a wide range of cable trays, including galvanized and hot-dip galvanized options, adhering to ISO 9001: 2015 standards.

Their products undergo rigorous testing for tensile strength, dimensional accuracy, and hardness, ensuring high-quality and reliable cable management systems suitable for industrial and commercial applications across Saudi Arabia. 2.

Adhwa Al-

Rawafid Electric Industries Based in Dammam, Adhwa specializes in hot-dip galvanized cable trays and accessories. They are ISO 9001: 2015 certified and focus on corrosion-free materials, offering complete cable support systems with optional covers and a variety of fittings for flexible installation. 3.

Matkel Matkel supplies engineered cable tray systems built for extreme operational loads and harsh environments, including hot-dip galvanized steel with zinc coatings exceeding 600g/m² for coastal corrosion resistance. Their products comply with SASO IEC 61537 standards and Saudi Electrical Code (SEC) Clause 5. 14, providing verified load capacities from 150kg/m to 400kg/m.

4. Bahra Electric Bahra Electric is known for customized galvanized steel cable trays designed to withstand harsh environmental conditions. Their solutions are suitable for power plants, commercial buildings, and telecommunications, offering durability and ease of installation.

5.

BM

C Bakriya Metal Located in Jeddah, BMC produces pre-galvanized and hot-dip galvanized steel cable trays, tested to IEC 61537 standards. They emphasize mechanical performance, safety, and reliability, providing technical and logistical support to over 50 distributors in Saudi Arabia and the GCC. Key Considerations for Choosing a SupplierCertification and Standards: ISO 9001: 2015, IEC 61537, SASO complianceMaterial Quality: Hot-dip galvanized steel for corrosion resistance, zinc coating thicknessLoad Capacity: Ensure trays meet project-specific weight requirementsRegional Support: Availability of logistics and technical assistance in Riyadh, Jeddah, Dammam, and NEOM zonesCustomization: Ability to provide custom sizes, bends, and accessories for complex installations For projects requiring high durability, corrosion resistance, and certified quality, suppliers like ISP, Adhwa, and Matkel are particularly recommended due to their rigorous testing, compliance with international standards, and extensive regional support.
